These are 4-koma omake one-shots which are afterwords to three of the "gender change disease" manga stories by Amazume Ryuta, published in the Change H! transgender/transformation manga anthology series. It helps if you've read the original stories which are available in a few places on the Web, such as Batoto.

The mangas are:

Boy Meets Girl, Girl Meets Boy

First Night, First Morning

My Beloved Sempai

The stories and these omakes were republished in a tanko entitled "Boy Meets Girl, Girl Meets Boy" along with some other stories. Buy the tanko.

For readers unfamiliar with this sort of 4koma layout, the reading sequence goes
